

**§ 1475a. Participation of non-Federal entities in contract negotiations and source selection proceedings**

On and after October 2, 1992, the Bureau of Reclamation may invite non-Federal entities involved in cost sharing arrangements for the development of water projects to participate in contract negotiation and source selection proceedings without invoking provisions of the Federal Advisory Committee Act (5 U.S.C. Appendix (1988)): *Provided*, That such non-Federal participants shall be subject to the provisions of the Federal Procurement Integrity Act<sup>1</sup> (41 U.S.C. 423 (1988)) and to the conflict of interest provisions appearing at 18 U.S.C. 201 et seq. (1988).

## CHAPTER REFERRED TO IN OTHER SECTIONS

This chapter is referred to in sections 620c-1, 1511a, 1592, 1597, 1600g of this title.

## SUBCHAPTER I—OBJECTIVES

**§ 1501. Congressional declaration of purpose and policy**

(a) It is the object of this chapter to provide a program for the further comprehensive development of the water resources of the Colorado River Basin and for the provision of additional and adequate water supplies for use in the upper as well as in the lower Colorado River Basin. This program is declared to be for the purposes, among others, of regulating the flow of the Colorado River; controlling floods; improving navigation; providing for the storage and delivery of the waters of the Colorado River for reclamation of lands, including supplemental water supplies, and for municipal, industrial, and other beneficial purposes; improving water quality; providing for basic public outdoor recreation facilities; improving conditions for fish and wildlife, and the generation and sale of electrical power as an incident of the foregoing purposes.

(b) It is the policy of the Congress that the Secretary of the Interior (hereinafter referred to the “Secretary”) shall continue to develop, after consultation with affected States and appropriate Federal agencies, a regional water plan, consistent with the provisions of this chapter and with future authorizations, to serve as the framework under which projects in the Colorado River Basin may be coordinated and constructed with proper timing to the end that an adequate supply of water may be made available for such projects, whether heretofore, herein, or hereafter authorized.

## SUBCHAPTER II—INVESTIGATIONS AND PLANNING

## SUBCHAPTER REFERRED TO IN OTHER SECTIONS

This subchapter is referred to in section 1541 of this title.

**§ 1511. Reconnaissance investigations by Secretary of the Interior; reports; 10-year moratorium on water importation studies**

Pursuant to the authority set out in the Reclamation Act of June 17, 1902, 32 Stat. 388, and Acts amendatory thereof or supplementary thereto, and the provisions of the Water Resources Planning Act of July 22, 1965, 79 Stat. 244, as amended [42 U.S.C. 1962 et seq.], with respect to the coordination of studies, investigations and assessments, the Secretary of the Interior shall conduct full and complete reconnaissance investigations for the purpose of developing a general plan to meet the future water needs of the Western United States. Such investigations shall include the long-range water supply available and the long-range water requirements in each water resource region of the Western United States. Progress reports in connection with these investigations shall be submitted to the President, the National Water Commission (while it is in existence), the Water Resources Council, and to the Congress every two years. The first of such reports shall be submitted on or before June 30, 1971, and a final reconnaissance report shall be submitted not later than June 30, 1977: *Provided*, That for a period of ten years from November 2, 1978, any Federal official shall not undertake reconnaissance studies of any plan for the importation of water into the Colorado River Basin from any other natural river drainage basin lying outside the States of Arizona, California, Colorado, New Mexico, and those portions of Nevada, Utah, and Wyoming which are in the natural drainage basin of the Colorado River.
